

Ledgeview Golf Course

The Town purchased [Ledgeview Golf Course](#) in 2019 in order to preserve development rights and to keep the beautiful viewshed as part of Ledgeview's heritage in perpetuity. Although the land is Town-owned, the business is operated by a third party. The vision is to bring winter activity programming to the golf course, but for now, let's support the business by booking tee times, joining leagues, taking lessons, or simply enjoying a delicious meal with friends in the clubhouse. There's something for everyone.
