

# Ledgeview Micro Surveys are coming

News Release Date

11-01-2023

We want to hear from you about all things Ledgeview! Tell us why you love living in Town. Tell us what type of development you want to see.

The Town is seeking feedback from you – our residents – on the services offered in the Town of Ledgeview. Beginning in November 2023, the Town will be offering micro surveys (about five questions, quick response) to gather satisfaction with the quality and quantity of services and the type of growth and development occurring in the Town. Topics will range from recreational

opportunities to housing development to transportation needs and anything in between.

Please watch for surveys on the Town's [Facebook page](#) and in the [e-newsletter](#) beginning in November. If you haven't already, please also sign up for the Town's "[Notify Me](#)" tool to stay informed of what's going on in your community!
