

Public Safety Committee Volunteers Needed

News Release Date

11-13-2023

Do you have an interest in getting involved in our Ledgeview community? Do you have background or experience in community safety, such as fire, EMS, or police operations and regulations? If so, the Town of Ledgeview is looking for three volunteers (residents of Ledgeview) to share your time and talent on a soon-to-be-created Public Safety Committee. This new committee would act in an advisory capacity to the Town Board on matters related to overall

public safety through review of police, fire, inspection operations, or other related topics.

In addition to three resident volunteers, the committee would also be made up of two elected officials and staff liaisons. If this is something that you would be interested in learning more about or possibly becoming involved with, please get in touch with Ledgeview Fire Chief, Chris Hohol at [Chris \[at\] firellc.com](mailto:Chris@firellc.com) ().
