News Release Date  
03-19-2024

## Comprehensive Plan and Parks & Outdoor Recreation Plan

The Town is working on updating its Comprehensive Plan and its Parks & Outdoor Recreation Plan. Each of these plans play an important role in the future of Ledgeview.

The Comprehensive Plan is a decision-making guide for future community growth, change, and preservation over the next 20 years. This is an update to the 2019 Plan and will contain elements that impact the future of Ledgeview.

The Parks & Outdoor Recreation Plan guides the development and improvement of outdoor recreation facilities to meet residents' needs over the next five years. The plan also evaluates progress made within the park system and guides the acquisition, preservation, and development of land for parks, recreation trails and open space.
